

#### **4. Taking Care of Business** - Accusation Song

**3 chords, over and over again: D C G D**

##### **Solo #1:**

We get up every morning hear this awful warning  
On the 13<sup>th</sup> of Adar you're dead  
It's the price you will be paying, all the Jews they will be swaying  
And the king gave Haman the cred

##### **Esther:**

You see your queen's a Jew that means I'll be swaying too  
If you don't stop this man he'll have his day  
You'll be looking like the fool who believed his lying drool  
It's Haman who's been causing this fray  
You should be

##### **All:**

Getting rid of Haman right away  
Getting rid of Haman save the day  
If we're getting rid of Haman we'll be fine  
Getting rid of Haman cuz he has crossed the line  
Get out

*Instrumental - 8 measures*

##### **King:**

It's as easy as fishin'  
I can make this big decision  
I'll save my precious queen and her fellows  
Evil Haman is my foe, lying man's gotta go  
I will get him and I'll squish him like jello

##### **Solo #2:**

There's a job that must be done  
Haman's acting like a Hun  
Tell him that it can't be this way  
If the Jews are to survive, if we're gonna stay alive  
Then Haman's got to leave here today  
We will be

##### **All:**

Getting rid of Haman right away  
Getting rid of Haman save the day  
If we're getting rid of Haman we'll be fine  
Getting rid of Haman cuz he has crossed the line

Getting rid of Haman right away  
Getting rid of Haman save the day  
If we're getting rid of Haman we'll be fine  
Getting rid of Haman cuz he has crossed the line  
Get out!
